1. Foreword

Dear partners,

Bibliosuisse is pleased to announce the next Swiss Library Congress, which will take place on 28–29 October 2027 at the STCC Swiss Tech Convention Center in Lausanne.

The Congress is aimed at staff from all types of libraries, as well as information and documentation centres. The Swiss Library Congress is the key platform for professionals to exchange experience, pursue continuing education and network. At the last Congress in Bern, we welcomed around 700 professionals from over 200 institutions across Switzerland.

We expect a similar number of attendees in 2027. For many years, the Congress has been accompanied by a trade exhibition, offering companies an excellent opportunity to meet our members and present their products and services. We warmly invite you to take part in this important industry event as an exhibitor or sponsor!

Taking part gives you direct access to leading professionals in the Swiss library sector. Below you will find an initial overview of the Congress programme, the various offers and terms for exhibitors and sponsors, and the exhibition floor plan. If you have any questions or special requests, please contact us by email at info@bibliosuisse.ch. Your contact for the exhibition is Regula Lüscher.

We look forward to welcoming you in Lausanne.

Kind regards

Bibliosuisse Secretariat
